Title: **“Signed, Sealed, Delivered: Lost Without You”**

Format: Two-hour Hallmark Movies & Mysteries World Premiere

Network: Hallmark Movies & Mysteries

Storyline: Oliver's (Eric Mabius) Divine Delivery Theory is put to the test when he and the POstables (Kristin Booth, Geoff Gustafson and Crystal Lowe) seem to be unable to deliver a damaged letter from a military veteran that's a matter of life and death. They've always been able to deliver mail by the grace of God right at the time it's needed most. While Oliver's faith is not shaken, his father Joe (Gregory Harrison) questions this divine theory. As Norman and Rita go on a road trip to pursue leads in the urgent veteran's letter, their trip takes them to the next level of their relationship and leads them to the place they're needed the most. Meanwhile Oliver and Joe go backpacking on a father son bonding trip during which a serious injury puts both their lives at risk. After Oliver doesn't show up at work, Shane spearheads a rescue mission and calls Oliver's police officer friend Dale to help. When all seems lost, what's most important is found. To everything there is a season, a time for every purpose under heaven.
