

ENTERTAINMENT'S BIGGEST SUCCESS STORY!

'RETURN TO CHRISTMAS CREEK'

Synopsis

With Christmas only one week away, Amelia Hughes (Tori Anderson), a career-focused Chicago app developer, is crushed when her latest idea for a Christmas shopping app is rejected due to its lacking in holiday spirit. When her boyfriend breaks up with her over her aversion to family Christmas celebrations — which stems from her family's splitting up over the holidays when she was a child — a stunned Amelia decides to try to rediscover her Christmas spirit by returning to her small hometown for the holiday. When she arrives in Christmas Creek, Wisconsin, Amelia runs into her childhood best friend Mike (Stephen Huszar), a ruggedly handsome search and rescue worker, and checks into Hughes' Family Inn, a charming bed and breakfast run by her estranged uncle Harry (Steven Weber).

Having been away from Christmas Creek for 17 years, Amelia's emotions are stirred as she reconnects with Mike and Harry and wonders what caused the mysterious longtime rift between her uncle and her father. As she engages in local holiday festivities, Amelia finds herself starting to feel the Christmas spirit and looking forward to Harry's Christmas Eve tradition of delivering toys to needy children in his small private airplane. Before long, a romantic spark starts to ignite between Amelia and Mike. Meanwhile, Harry begins taking steps to repair his damaged relationship with his ex-girlfriend Pamela (Kari Matchett), a local restaurant owner.

With Christmas at hand, Amelia realizes she's fallen back in love with small-town holiday traditions and with her childhood best friend. But as she helps prep Harry's airplane for the Christmas Eve toy delivery, a shocked Amelia learns that her parents have unexpectedly showed up in town for the holiday. Hoping for the happy family reunion she's dreamt of since childhood, Amelia is crushed when Harry and her father resume their longstanding feud. On Christmas Eve, disappointed by her family's continued fighting, Amelia once again rejects the holiday and prepares to return to Chicago. But just as she's about to leave behind Christmas Creek — and Mike — the young app developer feels a burst of inspiration that just might turn things around and help her finally restore family peace and embrace romance as love prepares to take flight for Christmas.
