Title: "Homegrown Christmas"

Format: Two-hour Hallmark Channel Original Movie

Network: Hallmark Channel

Storyline: Maddie sells her business and returns home for Christmas to decide her future. Facing a cool reception from her sister Hallie and her former beau Carter, who resent her for leaving, Maddie wants to talk but nobody's ready. Finally, while transforming the barn for a Christmas dance, Maddie and Carter admit their love never diminished. Hoping to reconnect with Hallie, and wanting to start over with Carter, Maddie is conflicted when a pop star offers her a shoe design. Opportunity might have come knocking for Maddie again, except she'd hoped it would be in her hometown not in New York.
