Title:	"Christmas Made to Order"
Format:	Two-hour Hallmark Channel Original Movie
Network:	Hallmark Channel
Storyline:	Gretchen wants Holidays Made to Order to be her fulltime business, but can't take the risk. Decorating a lobby, she bumps into architect Steven, who hires her as his Christmas connoisseur for his family's party. Eventually Steven joins the merriment and, along with his family, becomes smitten with Gretchen. Proving he supports her business, Steven asks his firm to hire Gretchen, but she declines, feeling the job will stifle her. He then offers to double her original pay, making Gretchen feel like just his employee. Now Steven must prove their relationship started as business, but became a made-to-order love story.
