Title: **"The Last Bridesmaid"**

Format: Two-hour Hallmark Channel Original Movie

Network: Hallmark Channel

Storyline: Having been a part of no less than nine weddings, Becca Foster seems to be living the old adage, "always a bridesmaid, never a bride." She'll soon notch her 10<sup>th</sup> ceremony as maid of honor to her cousin Lucie, who hopes Becca will hit it off with her fiancé's good-natured best man, Aidan. But there is another man in the picture: Kyle Taylor, the handsome videographer who, like Becca, has creative aspirations beyond his day job. As Kyle and Becca encourage each other to follow their dreams, they realize they must listen to their hearts.
