Title: **"Over the Moon in Love"**

Format: Two-hour Hallmark Channel Original Movie

Network: Hallmark Channel

Storyline: Matchmaker Brooklyn, owner of Over the Moon in Love, hasn't seen Devin, a singer-songwriter, since high school. While their chemistry is instant, Brooklyn is focused on landing the cover of *Life/Style* by finding Stephanie, the magazine's writer, a match. Putting her 100% success rate on the line, Brooklyn matches Stephanie with Devin but they have nothing in common. Determined, Brooklyn feeds lines to Stephanie guaranteed to capture Devin's heart, and it works! Too bad Brooklyn has just realized she's in love with Devin. Admitting the match is a sham, Brooklyn risks losing the magazine cover and, more importantly, Devin.
