THE WORLDWIDE LEADER IN *Celebrations*

**MERRITT PATTERSON AND JACK TURNER STAR IN
'FOREVER IN MY HEART'
A NEW, ORIGINAL MOVIE PREMIERING SEPTEMBER 14, ON HALLMARK CHANNEL**

STUDIO CITY, CA – August 21, 2019 – Merritt Patterson (“The Royals,” “Christmas at the Palace”) and Jack Turner (“My Summer Prince,” “One Winter Proposal”) star in **“Forever in My Heart,”** a new original movie premiering **Saturday, September 14 (9 p.m. ET/PT)**, on Hallmark Channel. The movie, which was shot on location in Ireland, follows a former couple that reconnects after their relationship was interrupted by a trans-Atlantic divide.

While working for a family-run inn in Ireland, Jenna (Patterson) falls in love with the owner’s son Charlie (Turner) and creates a home away from home in the Irish countryside. When Jenna moves back to America to pursue a career in hospitality, the distance proves too much to overcome for Jenna and Charlie’s relationship. Five years after leaving Ireland, Jenna returns for a visit while on a business trip. She feels back at home with her old friends and though recently engaged to her jet-setting colleague, she finds herself drawn to Charlie. While preparing for a big presentation to pitch a new hotel in Dublin, Jenna draws inspiration from the small-town hospitality at the inn, and even steps in to help Charlie when she learns it is in trouble. When Jenna’s fiancé (Blake Berris, “Days of our Lives”) surprises her in Ireland, Jenna must decide if her heart lies with her fiancé and her fast-paced career in America, or with Charlie at the Ireland inn.

“Forever in My Heart” is from True Love Movie, LLC. The executive producers are Stan Spry and Eric Woods, and the line producer/UPM is Anthony Fankhauser. Steven R. Monroe directed from a script by Tyler Straessle.
