## CREDITS

Title: **"Christmas Town"**

Format: A Hallmark Original Movie

Network: Hallmark Channel

Storyline: Elementary school teacher Lauren Gabriel decides to leave the comfortable and familiar – and career-only minded boyfriend – for a more family-friendly/white-picket fence lifestyle far from Boston. En route, her train is delayed in the small, quaint town of Grandon Falls, nicknamed "Christmastown." When Lauren meets the handsome handy-man Travis, his young foster son Dylan and searches for a long-lost beloved family heirloom, she extends her stay. During the festive and family-focused days before Christmas she gets an unexpected opportunity and contemplates a life-changing decision, realizing that Christmas – and Grandon Falls – has a way of making miracles happen.
